Q6 Are there any that should be added to the list?

142 responses

A fully operational ticket office at the train station with real people and not just machines like some other stations.
A local social club would enhance the area and bring the community closer.
A new large capacity sewage plant suitable to cover all the recent (2008) on development - including the so called private new estate systems.
A sensitive development of Barnham Bridge Hotel perhaps?
A swimming pool at the Phillip Howard High School that could be used by the public as well!
A sympathetic redevelopment of the Barnham Bridge Inn but not as a pub. It is a beautiful building and prominent in the village.
All are valuable amenities and must be kept.
All local independant shops.
All local shops
All shops and takeaways in Barnham provide excellent service and should be supported. Plus our newish bicycle repair shop..
All the shops in Barnham
All those listed play a part in the community and are essential to village life
Although it may not need financial support the Trading Post is a local asset providing cheap food and quite a bit of local employment.
Any business providing employment within the village is as valuable as the above assets.
As long as "support" of assets like public houses are not easy pickings of their rich landlords. Murrell Arms have to pay massive rent when compared to actual trade. Rents should be "capped" as a maximum of 8% P.A. of property true value.
As our children are grown up and do not live here here we are not sure of what is needed for our youth. But they should be our priority. Children need more than a roof over their head.

It is sad to see the Barnham bridge inn closed up. Surely this is a historical asset to the village. It is a shame a lot of businesses are not succeeding in Barnham. Since the charging of the car park I use the village less as not as easy to park.

Local schools, healthcare facilities and even the local gaps are community assets. It is not under threat of closure but Barnham Station is a major asset to the community. Given its age and significance to the community I think Eastergate Parish Hall should be a listed building as, ideally, should be the War Memorial to try and protect that from the worst of the planners visionary studies.

We use all the above assets. I also find the parade of shops in Barnham truly useful and would consider that to be a asset too. The coop ,opptitions for glasses, the baker, The chemist , and the barbers and hairdressers. The charity shop.Also the take away and restaurants as a treat for us too.We use the train station for days out . A twelve mile trip to Chichester or Bognor and parking is a added cost and time consideration when buying the necessities of life.

Q9: Are there any greenspaces that should be added to the list?

91 responses

EASTERGATE LANE, LAND ON BOTH SIDES

Absolutely keep as much rural green space as possible. Barnham is a village not a town.

A map would have been helpful, as not sure where nanny copse is? or Holmdale playground? However, in favour of keeping them all.

All areas adjacent to footpaths through the fields to preserve the open landscapes and vistas, one of the main reasons that many people choose to live here.

All land south of Barnham Road to Railway Line

All must be preserved at all cost

All the green space needs to be maintained

any existing gaps between the villages or spaces in the villages where developers could squeeze too many houses without allowing sufficient parking for residents and visitors.

Any existing green space which is part of existing developments so builders cannot infill

Any green area around Farnhurst Road.

Are green gaps not classed as green spaces now? As all green gaps must be protected between villages.

Area around/behind doctors surgery in Eastergate. Valuable area for wildlife.

Bluebell Wood in Barnham

Can you save all these delightful Green Spaces and still find space for cars and delivery vehicles.

Comments. Looks OK providing these areas are "open" 24-7. Also canal site - what about having a memorial garden?

Eastmere Stables land and other land which separates Eastergate from Fontwell. Also Eastergate Common - used by Fontwell Racecourse.

Elm Grove south flats area

Fields behind Spinney Walk and to the left of Walberton Road.

footpaths in a RURAL setting .e.g Elm Grove South to Church Lane Eastergate & Barnham Church. Simply retaining rights of way through a housing estate will not do.

Green field next to Poling Industrial Estate.

Green fields along Eastergate.

Green space at top of Appletree Drive St Mary's Churchyard, Barnham. Where has the wooden playground equipment gone at Farnhurst Road playground, to replace i hope.

Green space behind Eastergate Primary School that runs down by the Aldingbourne Rife to the railway

Green space on Flansham Road

Green space should be kept as much as possible.

Hedge End Copse.

Hedge End Wood itself; Land around cycle path, plus land around PROPOSED cycle path extension on Barnham Lane (not sure which side of Barnham Lane proposed by WSCC Also agricultural land between/south of railway and Church lane(B'ham) houses, mainly flood plain & fields

Hedge End Wood Lake Lane - Barnham Lane Triangle.

Hedge End Wood.

Hedge End Wood.

Hedge End Wood.

Hedge End Wood. Playing field at Barnham Primary should be used for parking, impossible at times to get to our house past parked cars both sides of road.

Horticultural land north and south of Yapton Road.

I agree that all local green spaces should remain intact.

I do not if it is possible, but the farmland that runs from Church Lane Eastergate to the railway line and separates Eastergate and Westergate this could be turned into a wild life park for the area and maintain a 'lung' for the build up in Eastergate and Westergate.

I don't want any more housing or any kind of development on these or any farmland around the villages.

I think I should leave this to the experts.

I'm sure there are but I don't know all the names - or how to describe them?

If we keep the above we will do well.

It really goes without saying that above are necessary, but will they be kept, to maintain the same quality of life

Land backing on to housing in Downview Road and adjacent roads. All existing nurseries should be treated as if they were green spaces, i.e. not as potential building plots nor as brown space.

Land between Fontwell Avenue and Nyton Nursery.

Land between Lake Lane and Walberton road - the "triangle"

Land east of Walberton Lane and in between Lake Lane and Walberton Lane.

Land north of Cherry Tree Close and east of Collins Close.

Land on Barnham Lane, East and west side

Land opposite Eastergate Village Hall.

Land south of Eastergate scrap yard and west of Fontwell Avenue.

Land south of Lake Lane currently occupied by Eric Wall nursery.

Land south of St Mary's Barnham to Hoe Lane

Land to east and south of murrells fields. Land to north of Yapton Road and east of Garden Crescent Land east of Goodacres and Halliford Drive. Land east or west of Barnham Lane. Land either side of Railway west of village.

Land to the North of Elm Grove to the South of Eastergate Lane

land which is boundary between Barnham and Eastergate which is between PMC Industrial estate and Murrell Gardens.

LEAVE ALL OUR GREEN SPACES ALONE

Manor Farm, Church Lane and surrounding farm

Maybe community volunteer teens to maintain some of above such as aldwick conservation group

Murrells field. The Cedars playground. Nanny Copse. Land west of Nanny Copse and east of Barnham Lane. Nursery Close open space. Open space in Farnhurst Road by Stepswood Way. St Georges churchyard. Saxby Close playground. Saxby Close open space. Land north of Barnham Road and east of Fontwell Avenue. Hedge End playground. New to area but would not support the development of any green space.

No

No.

No.

Not at this current time.

Not familiar with any - I use the pathways to Walberton and Flansham and use the green spaces around Slindon and ?beyond.

Not sure if the above includes the fields behind the PMC garage - behind Downview Road.

Not sure is included above but land seperating Eastergate and Barnham behind Murrell Gardens off of Downview Road

Open farmland defines the area in which the villages sit as do the gaps between the settlements even where they do not align with parish boundaries.

Open Field to the North of St. Mary's Church Barnham - in conservation area Fields between Church Lane & The Rife in Barnham - in conservation area Both important for the rural character of this area of Barnham

Open fields south of footpath that goes between Church Lane Eastergate to Philip Howard school. inc. Those adjacent to footpath through to Church Lane Barnham across railway.

Open space between Market Close and Saxby Close.

Please can we ensure Nursery Lane between Barnham and Eastergate is not developed.

This would remove open air space and a buffer zone between the villages. This is also part of our past heritage.

RECENT RESIDENT, NO LOCAL KNOWLEDGE YET

School facilities are not for public use - would ?enforce general controls tom prevent wholesale sell of land and ? housing As a general concept I am against ??????

Sorry - don't recognise most names.

St Marys Church yard. The land around the canal and ? Ground Lane.

The Barnham Lane/Lake Lane triangle and the land between Lake Lane and Eric Wall's Nurseries.

The Conservation Area at the south end of Church lane is a very good concept but unfortunately the area is now obliterated by uncontrolled of high hedges and trees planted by current owners of Barnham Court.

The Eastergate playing fields?

The existing allotments between Ivy Lane and Westergate school/Sports Centre.

The field adjacent to Garden Crescent, I heard had been earmarked for development.

The gap (what is left of it) between Barnham and Eastergate.

The land around St Marys Barnham Manor Farm, Eastergate The GAP between Barnham & Eastergate

The only reason any land should be used for building is that it has no use for anything else. No developer should be allowed to build just for sake of it without making provision for jobs, schools, doctors etc.

The open land backing onto housing in Downview Road and adjacent roads.

The point with green spaces is that they must be used as such by the community. Green Space which is open but unutilised needs to be considered carefully for best use for community. In some cases ? maybe housing.

The state of existing local footpaths is as important as actual open spaces.

West of Fontwell Avenue

What about St Mary's churchyard?

WSCC owned site for Angels Nursery and also Hyde Nursery and the Lilies Caravan and Lodge accommodation site should not be used for housing - fight rubber stamped decisions.

Yes but not familiar with all of them.

Yes. I believe we should preserve all green spaces as much as possible.

EDUCATION CENTRE , INTERNET CAFE, SPORTS CLUBS

A club/cafe where they can meet and have live music.

A local swimming pool. Zip wire.

A meeting place indoors and outdoors.

A skate park like Yapton Village has. Countryside youth volunteers to help keep our countryside tidy and so youth can learn about wildlife. (Give them a sense of pride.)

A skate park like yapton's and exercise equipment

A weekly drop in club

Accessible sports facilities.

Activities - utilising the new facilities at Murrels field

Adventure park. Climbing, cycle areas.

Adventure play area.

Adventurous equipment for 7 - 12 year olds in safe places.

After school club.

After school clubs for youngsters/teenagers.

Another primary school needed.

Ask mothers and children.

Ask the children.

Baby and toddler group

better playgrounds, the existing ones are often untidy , with teenagers in, or have been dismantled

Better police supervision

Changing rooms at Barnham Community Centre for sports on the field

Cinema

Climbing frame to suit all ages - stated by 10 year old daughter. Ball games should be allowed sometimes - stated by 10 year old daughter.

Club house or cafe style meeting place for teenagers

Clubs and groups.

Cycleway between Barnham , Barnham and Eastergate as pavement is very narrow

Day centre for elderly.

Dedicated playschool building. More clubs.

disabled playground

Drama and dance groups.

Football pitch

Holiday activities at Murrell Fields, organised weekend activities/instruction/sports orientated activities/environmental activities etc.

I am not qualified to comment.

I think the Murrell's development has created all we need.

I think this should be discussed with the families of children in the villages.

If necessary.

Improve Eastergate Park Skateboard/BMX area

improved playgrounds

Less equipment and more accessible woodland designated as play friendly areas.

Footpaths for school children along Eastergate Church Lane and Barnham Road to the station.

There are playgrounds, sportsfields, schools, clubs etc. Maybe nursery facilities?

There is a good range of activities for children using village facilities or Six Village Sports Centre.

Toddler groups.

Up to date play parks with safety facilities and toilet blocks available.

Variety of clubs / sessions at new Village Hall.

We are too old to be informed about what is needed.

What about the elderly

Wider safer footpaths. We live on Yapton Road and the footpath is too narrow to walk on whilst holding your child's hand. I refuse to walk single file with young children along a

busy main road. It is not wide enough to pass someone coming in the opposite direction without one party stepping out into the road.

Would be good to have a skate park.

Q21 Would you like to see additional youth facilities. If so what type?

129 responses

Youth Centre

A drop in centre, open until 10pm for young people to meet and socialise. Coffee bar, internet cafe type place.

A good youth club is essential for all, with a climbing wall and extra outdoor activities, so that youngsters, who aren't attracted to Cubs, Scouts and the Girl Guides etc. get a similar experience.

A local swimming pool.

A not-too secluded seated area with canopy. An open skateboard course.

A skateboard park.

After school sports organised by parents (as in Australia).

All sporting activities. Advice given on life style ie Health, money and caring about other people.

Anything that gets them off the dole and into a job.

Areas to meet ie: Yapton Skate Park. Youths with nothing to do and go cause damage to our villages and private properties. Maybe training classes on how you behave with your fellow neighbours!

As box above.

Ask the teenagers

Ask the young.

Ask the youth of Barnham via the school.

Barnham has no play facilities for teenagers skate park etc.

Best people to ask would be young people rather than adults.

Better bus services.

BMX cycle and skateboard park.

Bridleways.

Bus service to Chichester.

Camping and adventure area.

Classes / Clubs at new village hall.

Clubs for youngsters.

Clubs in existing buildings and safe cycle routes and the parks well maintained should help teenage facilities.

Community focal point for youth from different backgrounds eg a community farm for voluntary workers.

Facilities for & funding for work with 11-18yos, no provision at the moment This means access to Youth room, outside shelters like Yapton has, ; and funding for Youth worker/ support for volunteers

Facilities for teens is essential.

Facilities to teach them good manners and respect for authorities and their elders. A ban on Ipads in the street.

Football pitch in Barnham. Youth club at Village hall.

Football pitch.

Football/netball etc teams based in the 2 villages.

Given space and supervision the young could plan and organise their own leisure activities.

Good facilities at Nurrell field

Green fields

hang-out centre, youth worker to organise activities

hang-out places, youth worker to organise activities

Holiday club

How about an American style 'Milk Bar' in the town?

I am not qualified to comment.

I think this should be discussed with the teenagers themselves.

If Barnham Hotel was a snooker hall/coffee bar for all? Not sure sustainable though.

Indoor room - games small kitchen facilities to make not drinks

Internet cafe (ie cafe with WiFi). Mountain like routes marked out. "Go Ape" style arial Tree Activity Centre.

Local swimming pool

local youth club or drop in centre

Local youth clubs.

More organised clubs Sport/music etc.

More places for youths to enjoy the outdoors.

More sports facilities - or greater use of school ones. Sports for girls Zumba etc not just football.

More swings, slides etc. Jungle Jim type play area (inside) Drop in - Mum, Dad & Toddler Clubs

Must have a pathway between Walberton and Barnham.

Need to provide better 'destinations' for young people. Barnham Community Hall needs expanding to provide a dedicated youth wing and changing rooms to access sports

facilities on Murrells Field. Eastergate pavilion needs expanding for the same reasons

No additional ones, but more help for those that exist at present, ie uniform groups youth groups have been tried in the past, without success.

No valuable comment.

NOT youth shelters to facilitate loitering and trouble making. Youth clubs only.

organised groups for older children to meet

Our challenge is to make sure our new facilities are utilised for our youth. That means a) people to run things. b) Locals not objecting!

Outdoor activities in barnham

Perhaps a skate park like the one in Yapton.

Play areas

Play areas locally have been improved but there doesn't seem to be many indoor venues

Possibly a "vandal-proof" skateboard area, but not in an area which would disturb older residents from noise.

Recreational/Sports.

Reopen youth wings that have opened.

safe play areas

Schools

Scout Hut = FREE!

scouts explorers troop, youth club

Secure playground for football

See Community., Leisure and Well Being section.

SENSORY GARDEN

Skate park - Yapton one seems very popular.

Skate park, designated hang out areas, youth clubs, sports clubs, after school academic clubs for extra development.

Skate/BMX Park (like Yapton)

Skate/scooter ramps or park as in yapton.

Some kind of youth club in Barnham as loads of teenagers by station every night and noisy.

Something as simple as an all weather area with a six feet wall at either end could be used all year round for sport

Somewhere for them to go where they could learn a skill (eg music) which would make them feel worthwhile and positive about themselves.

Somewhere they can go in all weathers.

Somewhere to meet friends rather than on street corners

Sport.

Sports Cafes

Sports facilities.

Sports. - Youth Clubs. - Activities (not computer). - Visits to nearby woods, sea and Downs.

Supervised all weather meeting places

That is a difficult question because we should be asking the teenagers. A specific survey at both senior schools would help.

The "Teens" seem to be missing out?? "Youth Club" type, where they can meet up, maybe music, games ie table tennis.

There is the six villages sport centre. So perhaps a swimming pool but we are quite well served at Felpham arun leisure centre and Chichester.

We need easy access to urban centers by public transport and leisure facilities which encourage local spending.

We need places which are safe (drug and alcohol free) for our young teenagers to be able to play music and spend time together - ie - affordable bowling and music cafes.

What about the elderly.

Whatever engages the youth and doesn't have them hanging around looking bored.

Why do we always seem to focus on the youth there are enough youth facilities. attracting youth onto singular places encourages anti social behaviours.

Yes - Again you need to ask the teenagers but I would support anything that keeps kids away from street corners milling around with nothing to do.

Youth shelter (like Yapton)
