

## 2.6 An analysis of neighbourhood demographics (2011)

The total population of the two parishes in 2011 was 4808, (Barnham 1391 and Eastergate 3417) showing over the last ten years a population increase of 7% which is 1.5% higher than Arun District, 2% higher than the South East but similar to proportional increase for England. The two parishes population was skewed towards the older people with 22% over 65. This proportion is less than Arun's 26% but contrasts with 17% for the South East and 16% for England. Young people (under 16) was 783 represented 16% of the total population which was broadly comparable with Arun but lower than the 18% for the South East and 19% of England.
